New apparitions to destroy.

23-year-old freelance photographer Rei Kurosawa has been mourning the death of her fiancé, Yuu Asou after a car accident caused by her reckless driving. About two months after his death, while on assignment for the derelict Kuze mansion, Rei discovers his image on one of the photos she had taken. Shortly after, she begins having recurring nightmares of an old Japanese manor house—the "Manor of Sleep" during a heavy snowfall, where she is touched by a tattooed ghost.

All new chilling story and settings

Fend off ghosts with the Camera Obscura.
